

Refusal Notice: 24/02271/FUL

Decision notice · dated 2025-11-07

1. Refused on 7 November 2025 for two reasons: (1) the proposed extension by reason of scale and design would fail to preserve or enhance the character and appearance of the Conservation Area; (2) insufficient on-site parking would lead to displaced parking on surrounding streets to the detriment of highway safety.
