

Delegated Officer Report: 25/03418/FU

Officer report · dated 2026-08-11

- 1. Proposal:** demolition of existing haulage buildings and erection of a 132 unit Build to Rent residential scheme in three blocks of 5 to 9 storeys, with 38 parking spaces, 210 cycle spaces and ground floor amenity space. Site area 1.1 hectares. Previously developed land.
- 2. Principle:** the site is within the Hunslet regeneration area and is identified as suitable for residential-led mixed use (Core Strategy policy SP1, Site Allocations Plan HG2-114). Loss of employment land is accepted because the site has been vacant for 26 months and marketing evidence was provided (para 4.6).
- 3. Design:** following the refusal of 24/01102/FU on height, Block C has been reduced from 12 to 9 storeys and set back 6m from the canal towpath. The Design Panel supported the revised massing (para 6.2). Materials are conditioned.
- 4. Affordable housing:** 20% Affordable Private Rent at 80% of market rent, secured for the lifetime of the scheme via S106. Viability was reviewed independently and the offer is policy compliant (para 7.4).
- 5. Recommendation:** APPROVE subject to conditions and completion of a Section 106 agreement. Delegated authority exercised on 11 August 2026.
